

IDIBELL Cancer Conference (ICC) on Epigenetics in Lymphocyte Biology and Disease

Organizers:

Esteban Ballestar, Thomas Graf and Maribel Parra

September 13th-14th, 2012.

Invitation to Attend

We cordially invite you to attend the IDIBELL Cancer Conference on Epigenetics in Lymphocyte Biology and Disease. The meeting will begin on Thursday morning September 13th and will conclude on September 14th 2012. The goal of this meeting highlights progress in understanding the mechanisms underlying lymphocyte development and function, reprogramming and misfunction in cancer and immune related disorders from a multidisciplinary point of view, from the molecular to the pathological level, and to create an exceptional framework for scientific discussion.

Programme details

Thursday September 13th

- 8.00-9.00 Registration
- 9.00-9.15 Opening comments
- 9.15-10.00 Keynote lecture: Klaus Rajewsky
- Session I: Transcription factors networks in B lymphocyte development
- 10.00-10.40 Meinrad Busslinger
- 10.40-11.20 Cornelis Murre
- 11.20-11.50 Coffee break
- 11.50-12.30 Rudolf Grosschedl
- 12.30-12.50 Selected junior talk 1
- 12.50-14.30 Lunch and poster session

Session II: Epigenetic events during B lymphocyte development

14:30-15.10 Almudena Ramiro

15.10-15.40 Michael Reth

15.40-16.00 Selected junior talk 2

16.20-16.40 Coffee break
